Return to Pre-War Averages ?

By Bill Gersh

"COINTOONS"

Thruout the trade there is a general cry now being heard that averages are rapidly dropping to new lows. This is, in great part, attributed to the extremely acute beer shortage and also the fact that labor is now faced with lack of work. Even the return to civilian life of millions of men and women from the armed services has not been sufficient, in itself, to keep averages at wartime levels.

In short, men and women everywhere in the country are now not throwing that extra quarter or half-dollar into machines as they did during the war period. The hysteria of wartime has disappeared, to put it bluntly, and the general public are now taking a very conservative attitude—at least as regards play action for all types of coin operated equipment—with the possible exception of automatic merchandising machines.

This has brought about a general belief on the part of a great many coinmen thruout the country that at last the return to pre-war average collections is under way. This, when new high prices and overhead costs are taken into consideration, has rather upset these same coinmen

As one noted operator puts it, "Can we continue to buy new machines at the prices being asked and only take in an average of \$5 or \$6 per week—and still amortize the cost of machine as well as show a decent profit?"

And that question is now being asked by more than one coinman thruout the nation. Each one of these men realizes that he simply cannot continue to go along on this basis. His labor costs are up over 150% what they were pre-war; his cost of supplies, parts, etc., is up far over 100%; new machines are up over 150% in a great many instances and, therefore, if he is to amortize all these costs plus pay for the new machines and show himself a profit—especially at pre-war collection averages of \$5 and \$6—he know now that the time has come for him to immediately change his complete set-up—or else get out of this business entirely.

The picture is not too rosy to a great many coinmen today. They see the falling averages in their machines as a definite indication that people are returning to more normal ways and they believe that the time has come when they must meet this with an increase on their part—or give up.

The average operator realizes that he cannot continue in business today, with the overhead he now endures plus the prices he is asked to pay for new equipment, on the pre-war collection averages. The Cash Box has been suggesting to him for over four years that he jump to at least 70% of the gross collection and that he even improve this figure if necessary to assure him remaining in business.

Of course, there are those in the trade who look to a great boom arriving suddenly with the return of more

or less normal production this winter. This, they believe, will also boom the take on all types of equipment. It's a fine thought. But, before that boom comes into being (if such a boom is coming) the operator had best, right now, while the take has dropped, get his new commission basis working or he certainly won't be able to do it during a boom era.

During the wartime years *The Cash Box* urged the average coinman to change his present commission set-up for this could have been done with much greater ease than it can be accomplished even at this present moment. Those who now have to make this change do so in a desperate manner, whereas formerly, as the take zoomed during the war period, the location owner never would have felt the change in averages. He will feel it today

have felt the change in averages. He will feel it today. But, there is no other way out for the coinman who wishes to remain in this business. He must make a change and do so rapidly. He must arrive at some agreement with all the other coinmen in his area and they must work together or fall apart.

The one and only way in which any coin machine operator can combat this sudden drop in take is to raise the percentage he receives from the gross collections to the point where he can continue on in this business on a profitable basis.

Digitized by the Internet Archive in 2016

DON'T SELL THE COINBIZ SHORT

It Hasn't Even Started

NEW YORK — There is no doubt that a great many coinmen thruout the country are worried regarding their future in this industry. Many of them point to the dropping take and also to the increased costs of machines, supplies, parts, labor and general overhead and ask, "How can we stick it out?"

Some of these coinmen, because of this adjustment period, which is cutting into their earnings, are beginning to assume an air of extreme pessimism and are, therefore, selling their industry short.

There is no earthly reason why they should sell this business short. It's a good business. It's a business whose future lies all before it. There is only one answer to any operator who feels that he is not getting what he should from his route and from this business generally: he is not conducting his route on a businesslike basis.

This business hasn't even started. It will drop a great many of the old methods just as people drop away old clothes. It will produce startling equipment which will open an entirely new path to every coin ma-

chine man. It will bring about a new and better and more prosperous era than has ever before been enjoyed by this trade. But, it can't do this without the complete cooperation of those who comprise this business.

There is no definite way in which anyone can judge tomorrow's profits and possibilities by what happened yesterday. This industry is entering into an adjustment period right this minute. It is probably entering this period ahead of many other industries because of the fact that it was removed from ceilings so much earlier than other businesses.

It has attracted the attention of great and strong capital. It has won over many of the world's leading industrialists and merchandisers to its cause. It has gained great prestige all over the world. It is attracting to itself better business men every day. It is the one trade wherein all are agreed it will most definitely lead the way during the coming boom era.

There is no need, then, to sell an industry short which has so much to offer to all of its components. It is the one and only trade wherein the men who comprise it remain as individ-

ually strong business men in their own regard earning more percentage on their investment and amortizing their costs in a shorter period of time than any other trade known to the nation.

The publicity which this industry received during the war years for the great morale building efforts it accomplished have helped it to assume a stronger and better position among all American business. It is definitely leading the entertainment fiield—not only from the standpoint of numbers and finance, but also from the standpoint of greater future possibilities.

Everywhere in the nation business men are turning to coin operation as the answer to their future plans. Books, hosiery, foods, all items in daily use are planning on vending machines.

Amusement games have their following and it grows stronger each day as the manufacturers plan and present new types of machines.

The automatic music field is among the most powerful ever developed in this nation.

Don't sell this industry short — it hasn't even started.

GAME OPS AGREE SPEEDIER PLAYACTION NECESSARY

Also Agree 70%-30% Commish Basis Should Go Into Effect Immediately

NEW YORK — More and more amusement machine operators are writing in to commend *The Cash Box* on the item which appeared in its July 15, 1946 issue regarding the fact that many coinmen believe that manufacturers should speed up play on all amusement machines and that the operator should change his commission basis to 70%/30% immediately along with this speeded play action

The suggestion made by certain leading coinmen in regard to pinballs was that the play be changed to 3 balls for 5c — and that another 5c be charged for the 2 remaining balls, provided of course that the player decided his score with the first 3 balls was sufficiently worthwhile to continue on with the next 2 balls. In this fashion, one coinleader explained, the player would not be wasting time —which he does when he sees that the chances for his obtaining a winning score after three balls is very slim—and just plays on ahead but, instead, would halt right there and start over again.

The same was also suggested for such equipment as bowling games where 9 balls for 5c is the standard today. Operators believe that 5 balls for 5c would be very acceptable to the average player. After he saw that he had a chance to obtain a better score with the remaining four balls in the game, he would invest another nickel in his effort to get this score—in short, without making it

too apparent and, at the same time, giving the player all the possible opportunities, he would be paying 10c per game (if he felt it was warranted) and, of course, winning scores would be arranged on this new cost per play basis.

This speeded play action (which almost equals the payout tables) would then give the amusement machine operator the chance to pay off for the higher cost of the present machines and also clear him off with some profit when the trade-in time arrived.

arrived.
As is well known thruout the amusement field, games don't last like phonographs or merchandising machines. They must be traded in sometimes in a period of only three months — and many coinmen have come to depend for their actual net profit on the trade-in valuation of the machine itself. In short, if the average operator can clear off the cost of the manchine in a period of three months and arrange to pay his overhead at the same time in that short period of time—whatever he is given for the machine on a short term trade-in (such as the 3 months period) becomes his actual net profit on the operation of that machine.

Therefore, because of the tremendously increased price of the new machines, it is imperative that the operator be given every possible advantage to clear off the cost of the machine to himself. He must, therefore, get speeded up play action to

make this possible.

The average player, it has been learned from actual tests, will not complain at the 3 balls for 5c action in a pinball machine. In fact, it has also been learned, that the dyed-in-the-wool pin game fan likes speedier play.

At the same time this 3 ball play action has a suspense "come-on" effect which has proved itself invaluable. The player simply is teased into continuing the play for the next 2 balls left to him at the extra 5c. This is important. It is just as well, too, that all the trade be given this speeded up action at this time so that it can come out of the investment period in any amusement device in as speedy a time as possible and go right on to earning greater profits.

Here and there thruout the country many coinmen are already changing games to 3 balls for 5c on pinballs and to 5 balls for 5c on bowling alleys. The Cash Box hears from some of these men that this is working out to good advantage. Now, these men claim, they are also going to cut their commission to their location owners to 30% and, in some cases, to 25%, for the speeded play action is bringing them in the differential to allow them to cut the commission to the location and still give the store-keeper practically the same amount of money he always formerly received from the amusement machines in his place of business.

HERE'S THE SCORE

OVERHEAD $U_P - 150\%$ NEW EQUIP'T $U_P - 100\%$ COLLECTIONS - DOWN

Here's the Answer

For Music Operators

An immediate change to a new commission basis-1) 30% to the location owner and 70% to the operatorplus—a 2 year contract with the location; 2) 10c per record, 2 for 15c or 3 for 25c has been suggested by many with the claim that the approximate increase in take will allow the storekeeper to receive almost as much on 30% commission basis as he used to receive on 50% commission; 3) obtaining "front money" of at least \$5 per week from the collection before dividing the balance on a 50%-50% basis—or—\$15 per week flat guarantee from the location—giving the location 50% of the difference-or-1% per week of the total cost of the installation from the gross collection before dividing the balance on a 50%-50% basis; 4) paying the location a yearly rental for his location on a lease arrangement paid in monthly installments and taking the entire collection for the operator.

Whichever method the music machine operator adopts—he must do so immediately—for otherwise he will never be able to clear himself off even on a 24 month amortization period.

With collection averages down and with overhead continuing up to the point where it is today 50% of the cost of operation and machine prices over 100% above prewar—the operator must change his entire commission set-up to come out in the clear and show a profit.

For Amusement Operators

The amusement machine operator is especially faced with a problem for, as in the past, his machines do not last as long on location as phonographs or merchandising equipment and, therefore, he is forced to get his money out of the machine quicker than either of the two other operators.

In his case it has been suggested that the play on his machines be sufficiently speeded to increase the take by better than 50% so that he can earn that much more from each location.

For pin game operators—3 balls for 5c with the next 2 balls at an additional 5c, optional with the player whether he wants to continue on with another nickel based on whether he believes he can obtain a better winning score with the additional two balls and the extra nickel investment. Scores will, naturally, have to be based on an entirely different arrangement because of the 10c investment.

For bowling machines — which ordinarily feature 9 balls for 5c—to be changed to 5 balls for 5c—with an additional nickel charged for the next four balls, provided of course, if the player believes this extra 5c investment worth while as an addition to his score. Here, also, scoring arrangements and rewards will have to be changed to conform to the 10c play.

In addition to the speeded play—70%-30% commission arrangements should be made with all location owners. With speedier play the locations, it is claimed, will earn practically as much at 30% as they formerly did at 50% commission.

"To Each His Own" "You Put A Song In My Heart" Freddy Martin and His Orchestra (Victor 20-1921)

The sweet and low music of Freddy Martin provides a worthy interpretation to this waxing of the skyrocketing hit, "To Each His Own", and, considering that it's heavy with Freddy's famed sax and the top musical crew he heads, the disk should score heavily on practically all locations in town even if it's not the best waxing to be heard of this particular tune. Reason for that is the vocal, provided here by Stuart Wade. Pleasant tho he is, "To Each" has been done by better; but the Martin name will carry, and that's important to consider. The flip, "You Put A Song In My Heart," is a good musical fare, done in the romantic, sweet manner. Freddy is noted for. Music ops will gain by this disk, thanks to the "To Each" side.

"Then I'll Be Happy" "The Song Is You" Tommy Dorsey and His Orchestra (Victor 20-1938)

Tommy Dorsey needs no introduction on the juke boxes, and just about everything under his name is well assured of good play, so there's no reason why this disk should prove an exception. Both "(I Wanna Go Where You Go) Then I'll Be Happy" and "The Song Is You" are done as complete instrumentals, and strictly in the TD manner. Tommy's trombone leads the way on "Happy" and it comes out as pleasant stomp. On "The Song," however, they whip it out so that the tune is all but unrecognizable from when Kern penned it. It's solid, jive, however, and they'll like this where they like it hot.

"She's Funny That Way" "It's The Gal From Cal For Me" Herb Jeffries (Exlusive 227)

For something really low, blue and eternally popular who wants anything better than "She's Funny That Way"? The warbler-with-the trick-break in his voice, Herb Jeffries, handles the refrain, and his interpretation is strictly on the solid side. Add to that the contribution of the Buddy Baker Orchestra and you have a sock combination that'll net strong coinage in any location along Central Avenue, Harlem, etc. The backing, "It's The Gal From Cal For Me," is a novelty that'll take a bit of plugging before it catches. Done by Herb Jeffries, it's adequate. If done by a vocal combo, tho, it could be lots better. A good disk, nonetheless, thanks to the "She's Funny" side, and because Herb Jeffries has a strong following no matter what else is on the label.

DISK O'THE WEEK

"This Is Always' Jo Stafford (Capitol 277)

JO STAFFORD

For the best of this week's crop of wax, this reviewer chooses Jo Stafford on "This Is Always," a sock tune destined for lots of flack from Hollywood with the appearance of the motion picture "Three Little Girls In Blue." To our mind, Jo has one of the better sets of pipes to be listened to from any gal warbler, and on this cutting she really gives out. The tune is slightly torchy, heavily roman-tic, tempoed for smooth dancing and presented for extremely pleasant listening. It's a natural for just about any location and especially is it right for spots where romancers gather. musical backing, provided by the Paul Weston Orchestra, digs into the listener as it floats 'round Jo's voice like a delicate veil, and they dig right. The backing, 'I'll Be With You In Apple Blossom Time,'' scores both as a strong ever-popular favorite and as a vehicle for Jo's talents. In addition, it features some top instrumental work served by Nat King Cole on the 88, Ray Linn's trumpet and Herbie Haymar's tenor sax. Peg this as a disk to put in your box by all means.

"You're Not The Kind" "If You Could See Me Now" Sarah Vaughan (Musicraft 380)

• Sarah Vaughn has a voice, a good voice, and she has a following. Nonetheless, it's going to take a bit to put her across on the music boxes, and it's doubted by this reviewer if this pair of tunes are the vehicles to do it. Both "You're Not The Kind" and "If You Could See Me Now" are pleasant melodies which Sarah carries out effectively. Done sweet and blue, with top support provided by an ork under the direction of Tad Dameron (he wrote "If You Could See Me Now), the disk would make its strongest bid where they hold hands and listen.

"What Is This Thing Called Love" "I've Got You Under My Skin"

Betty Rhodes (Victor 20-1942)

If you're looking for a sweet effective voice on a pair of standards for which there'll always be a demand, you might just as well order this waxing of "What Is This Thing Called Love" and "I've Got You Under My Skin." Actually, the melodies presented here would carry well no matter who did them, but, thankfully, Betty Rhodes has got a first class voice and is well supported by the crew under the baton of Charles Dant. The arrangements are good and Betty's vocal interpretations are on the passionate side. What's more they'll dance to it, so that makes this waxing good for just about anywhere. It won't make a bucket of dough, but it'll certainly carry its own way.

"Bruca Manigua" "Vera Cruz"

Miquelito Valdes Orchestra (Musicraft 384)

Restrained is the word for this pair of Miguelito Valdes offerings, but the restraint is eager and impassioned and the trademark of a Valdes disk. "Bruca Manigua" is given heavy vocal treatment by the maestro, personally, and with the smooth melody provided by the crew, this cutting becomes of interest to the Latin music trade. "Vera Cruz," the backing, is in the same vein as "Bruca," but the accent is on the instrumental despite Valdes' warbling. A good disk for the quietatmosphere locations where interest in rumba melody is heavy.

"Missouri Waltz" "Linger In My Arms A Little Longer, Baby"

Fontaine Sisters (Musicraft 15082)

• We've said before on these pages that the Fontaine Sisters were among the top singing groups to be heard on wax, and on this pressing of "Missouri Waltz" they uphold that opinion with us. Backed by an orchestra under the direction of Walter Gross, which does as pleasant an instrumental job as can be demanded, the Fontaine gals really give a modern zing to "Missouri", and it should have the customers ready and willing to contribute for it. On the reverse they do another standard, "Linger In My Arms," and they do it well. With that combination, the platter should net neat profit from anybody with a memory and liking for yesterday's melodies.

The state of the s 7.5 . 7: - 7 FOR THEFT THE RESTRICTION 9 (1) (2) may ar

Majestic Records' national sales chief Lou Suritz is currently touring the South, making stops at Miami, Florida, Atlanta, Ga., Charlotte, N. C., and Norfolk, Va. Purpose of the visit is to appoint additional distribs to handle Majestic disks. In addition, Lou will seek out music ops in these territories for some heart to heart talks . . . Eager to put Artie Shaw back in the juke boxes is Musicraft Records. In a bid to gain music ops' favor the firm will release one platter from the new Shaw album so that it may be bought singly by the trade. The disk, we are told by vice prexy Oliver Sabin, carries both "I've Got You Under My Skin" and "My Heart Belongs To Daddy."

Over at Cosmo Records publicist Eddie Heller excited over first reports of "Making Whoopee," a new platter by the Tony Pastor aggregation, which is being channeled straight for the music boxes before they are released to retailers. Advance word on the disk declares it to be on the cutely suggestive side. They say the jukes will burn with it . . . Something novel on wax is promised ops with "Please" and "Say It Isn't So," as offered by the Hal McIntyre Orchestra. Harry Banks, Cosmo prexy, is really eager with it.

Look for a host of tunes from the new Twentieth Century-Fox film "Three Little Girls In Blue" to really score big on the jukes by the time the film gets around the country. As a matter of fact, one of them, "This Is Always," as done by Jo Stafford for Capitol Records has been selected as the "Disk O' The Week" this week on our record review pages. In addition, grab a listening to "This Is The Night" as done by Martha Tilton for the same wax works. It's another hit out of the same film.

At a recent election of officers, Milton Rackmil was upped from Treasurer to Executive Vice-President of Decca records. He fills the chair left vacant by the death of Edwin F. Stevens, Jr. . . . Decca's "Stone Cold Dead In The Market," which held the No. 1 spot on jukes in New York for some weeks is now reported catching on thruout the country. The same can be said for their more recently released, "South America, Take It Away" . . . Meanwhile, look for Decca to release some disks done by Al Jolson.

Gotham Records busy this past week cutting some new sides with Earl Bostic and Cousin Joe . . . Columbia Records' James Flora off for a vacation from his duties as ad director of that plattery . . . RCA-Victor should show much publicity action from here on in. Their chief press agent, Wayne Varnum, has come home from the sea (U.S. Navy) and is back doing business from his old stand . . . Note to music ops: Bill Gersh tells me to tell you that I'm always ready to help out if there's anything I can do for you around the wax circle. Just drop me a note.

MARTHA TILTON YOU MAKE ME FEEL SO YOUNG' SOMEWHERE IN THE NIGHT' With Paul Weston and His Orchestra from the 20th Century Fox Picture "Three Little Girls In Blue" Two top tunes sweetly sung by Liltin' Martha Tilton-the first a swingy hit and the second the year's best torch song! Stan Kenton and his Orchestra JACK' 'RIKA JIKA Sensationally different! The band sings while June Christy warbles without words! BOOGIE ARTISTRY Kenton eight-beat version in the amazing series that included 'Artistry Jumps!' CAP. 273 50c plus tax YOU CALL IT MADNESS BUT I CALL IT LOVE

King Cole turns in his finest ballad sinaine. OH BUT I DO The Trio sings this one! A rhythm tune bigger than 'Straighten Up And Fly Right' The KI 50c plus tax ECORDS HOLLYWOOD FROM Sunset and Vine

'Wonderful' In: 'To Each' Soars

NEW YORK — It finally happened. "The Gypsy", which for months ruled supreme in the No. 1 spot on jukes thruout the land, has tumbled, reports from ops this past week revealed.

Currently in the No. 2 slot, indications are that the tune is on a snowball ride to oblivion as play slows and worn down copies of the disk are not replaced.

Indications of the Gyp's demise were prevalent here weeks ago, when heaviest play was shifted to other platters in New York, Chicago and Los Angeles. Nonetheless, the action the tune was receiving in other territories was sufficient to keep it atop the hit roster until this past week. Now reports from all ops agree, the tune has played itself out and there is little reason left to order replacements.

Filling the spot left open by the "Gyp" is "They Say It's Wonderful," which for many weeks past has been among the top ten moneymakers on the boxes; but as the Gyp is on its way out, so is "Wonderful," and music leaders see its current No. 1 prominence strictly as a lame duck, filling the position only till something better comes along.

At the present time, the "some-thing better" looks like "To Each His Own," which in the past few weeks has enjoyed a meteoric ride on the high road to the top. In lots of top cities, the tune has already climbed into No. 1 position and indications are that many more will follow suit as soon as adequate quantities of the platter are available.

Of interest to music ops about "To Each" is the fact that the tune began right from the juke boxes. Majestic Records, which waxed it first and whose version performed by Eddy Howard is in greatest demand, readily admit that truth. So, like they did with "The Gypsy," the ops have come thru again to score a smash for the diskeries and the music pubs.

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code number appear in front of the name of each machine.

MEANS PRICE WENT UP.

MEANS PRICE WENT DOWN.

MEANS MACHINE JUST ADDED TO LIST.

MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.

6

MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

O

MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.

7

MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.

MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

1348 VENICE BLVD.

LOS ANGELES, CALIF.

(PHONE: PROSPECT 4131)

Mich. Phono Ops to Start Own Assn Paper

DETROIT, MICH. — According to Wm. A. (Bill) Hall of the Michigan Automatic Phonograph Owners Association, Inc., Ford Bldg., this city, this organization is preparing to publish a monthly publication for its own association members.

Hall has been contacting some of the important people in the trade to ask for suggestions for his association magazine.

Minneap. Tribune Looks to Book Venders as Answer to Lost Sales

MINNEAPOLIS, MINN.—The "Tribune", leading newspaper, this city, in an editorial titled, "Book Glut", tells about the fact that sales have been going down regularly on books and that bigger production is on the way in the book publishing field.

It reports that the 25c books are now being sold in grocery, cigar stores and every type of retail establishment.

It also reports that the returns of unsold magazines have been higher each week and now that the boys are back from fox-holes they are not interested in so much reading.

What the Tribune does say the answer is, "We're looking forward to the day when we can get 'War and Peace' from a slot machine."

The Amazing

NEW

Escalator Conversion

DURO-MATIC

(PATENT PENDING)

A careful study of the problems and constant service experienced by operators using Bell-type machines has resulted in the amazing discovery of:

DURO-MATIC

DURO-MATIC is an escalator conversion consisting of a new sensational combination of parts, which can be installed in twenty minutes, no adjustments, and lines up with any mechanism.

DURO-MATIC is precision built. Automatic in operation with all metals tested for strength and durability. Add all this together — your answer is "DURO-MATIC," a simplified combination designed to fit any escalator and insure you with trouble-free operation, resulting in a tremendous earning power.

All escalator conversion kits sold with a money-back guarantee, including instructions for installation. Be first in your territory. Write or wire all orders. Replies will be given prompt attention.

DON'T DELAY! PLACE YOUR ORDER IMMEDIATELY!

Get on the road to prosperity with DURO-MATIC.

Police Sirens Scream When Cup Vender Traps Boy and Penny

NEW YORK — Not only did a cup vending machine snare the penny which nine-year-old Charles Horvath put into it, but it also kept the youngster ensnared for three hours as well. It took the combined efforts of the theater management and the police emergency squad to finally free him.

It all happened here last week, when Charles took his eight-yearold sister to a local movie. Like all little boys at evening time, Charles became thirsty. So he walked to the back of the theater where there was a water fountain and the cup vender.

Like it said on the machine, he dropped his penny in the chute. But no cup came. He thrust his left hand into the base to get the cup that wasn't there, and it happened.

He couldn't get his hand back through the two-inch aperature. His complaints brought the matron and the theater manager. They tried oil to lessen the friction. It didn't work.

Next to try his luck was the policeman on the beat. Still no luck, so he called the famed N. Y. Police Emergency Squad.

They arrived with enough equipment to put a derailed subway back on the tracks. They tried and tried, but no good. So they decided to take the vending machine from its wall

They then led Charles, with the machine still on his hand, to the

manager's office, and worked on it (the vender) with hammer and chisel. Still no good.

So the procession continued on to the next stop. That was back to the theater where there was a steel vise. There after prolonged filing, they got the machine off.

Tho the experience was slightly uncomfortable for Charles, he didn't mind. The police made him a present of the flashlight they'd used on working with the problem. And the manager gave him a pair of passes to the theater.

No, Charles didn't ask for his penny back.

British Plastics Mfrs. Seek American Markets

NEW YORK - Coin machine ops may soon find British-made plastics adorning their equipment if recent reports aired by Henry W. Harding, president of the Chemical Manufacturing Corp., are proven correct.

Having decided that they can produce plastics of quality comparable to those made in the United States and at a lower cost, several concerns are contemplating entry in the American market now that they will be in a better position in the next two years to supply goods which are scarce.

We have been serving operators of Bulk equipment for 17 years — New Machines — charms and operators supplies available now — WRITE FOR DETAILS.

Jack Gutshall Introduces Kay Starr

Jack Gutshall of LOS ANGELES the Jack Gutshall Distributing Co., this city, is telling the entire juke box industry that, "the greatest discovery in years for bringing in coins to juke boxes is Kay Starr.'

Kay Starr has had a very successful career with some of the finest orchestras in the nation, including among these: Joe Venuti and Charlie Barnett. She appeared on the Tony Martin show and clicked big. She is now winding up an engagement at the El Rancho Vegas.

But, according to Jack, "What has me and all who have heard 'gorgeous' Kay Starr excited, is her new series of records for the Lamplighter' label. Her latest 'Love Me Or Leave Me' and 'Sweet Lorraine' are clicking like wildfire in every juke box in which they appear."

Jack predicts, "Kay Starr is going to be one of the most outstanding juke box stars in the nation. Anyone who listens to her records will agree with me on this prediction."

"Curley" Robinson **Predicts Biggest Op Turnover in History**

Urges Ops to Act Fast to Save Themselves

SAMUEL (CURLEY) ROBINSON

LOS ANGELES - Samuel (Curley) managing director (Associated Operators Robinson, AOLAC Los Angeles County, Inc.) with head-quarters in this city, is urging operators everywhere in the nation to immediately save themselves by instituting a new and better com-mission basis and also insuring their locations with legal contracts.

He claims, "Already Bradstreet & Dun predict that there will be a 62% turnover in all business. But, in the coin machine business, unless the operators act fast, the turnover will be even greater.

"It is impossible", he reports, "for the operators to continue in business today and pay the prices being asked for amusement machines of all kinds. They simply cannot amortize the cost of the equipment under present conditions.

"They must", he continues, "swing over to the great suggestion made by 'The Cash Box' and have the play on all machines speeded up at least 50% so that they can then cut their commission percentage to the retailer to 30% (instead of giving him 50%) and they will, practically, be giving him as much as he received before any-way with speeded play action. They must also get everyone of their locations signed on a legal contract for at least a two year period so that they know the location will remain theirs for at least that much time."

"Curley" believes that unless the amusement machine operators act fast to save themselves that they will be ready to throw in the sponge and quit the business. The turnover (as predicted by Bradstreet & Dun for all business) is sure to be higher than 62% for the coin machine industry.

In this regard he stated, "We haven't had any turnover out here to speak of in the past five years. Prior to that time we used to have a constant turnover that, many times, ran better than 62%. But, we can halt this today if we adopt the suggestion made by 'The Cash Box' and see to it that play is speeded up whereby the operator will actually be getting a dime instead of a nickel for good play

THE UNIVERSAL BAR BOX BRACKET

FITS ANY BOX — FITS ANY BAR LIGHTWEIGHT • STRONG

• STRONG • STREAMLINED

Lightweight aluminum alloy with highly polished finish makes an instant hit with progressive operators.

Strong construction of non-corrosive, non-magnetic metal insures trouble-free and worry-proof installations

Adjustable to any bar or counter. Simple two-way clamp and secondary support makes it possible to install in a matter of minutes. Will not mar or deface any surface to which it is attached. Ideal for use on marble-top fountains.

or deface any surface to which it is allacticut. Ideal for use of minute of sountains.

Streamlined moulded exterior incorporates unique design which enables wires (including 30 conductor cables) to be concealed in the slotted main upright.

Holes, drilled and tapped on upper support, permit easy installation and changes from one make or model box to another moving bracket. An additional feature provides for use as a conventional bracket employing the use of screws.

Ball Gum Venders Help Youth Welfare

DAYTON, O. — The Junior Association of Commerce of this city has installed over 200 ball gum venders since June 1. The JAC plans to use the proceeds from these machines for youth welfare activities.

The above picture shows a blind worker at the Goodwill Industries, this city, being told how to use the ball gum vender.

(Some weeks ago The Cash Box reported that almost everyone of the Ohio cities were having their Junior Chambers of Commerce install ball gum venders whereby the proceeds would go to youth welfare activities. Locations are cooperating with the JAC's and are turning over the entire proceeds from the machines. This plan is traveling thruout many other states at this time.)

Engineered New Bell Aircraft Coin Changer

MONTROSE, PA. — Walter Hunsinger, Sr., formerly of this city, was revealed this past week to have been the man who engineered the new automatic coin changer of the Bell Aircraft Corp.

At the present time Hunsinger is located in Burlington, Vt. He formerly was engaged in the electrical business in this city.

His coin changer has received a great deal of publicity in the newspapers with Lawrence D. Bell, president of Bell Aircraft Corp., advising that the firm are going into immediate production of the changer to be used in all types of merchandising vending machines.

Ball Gum Venders | Bill Wolf and His Pal — Louis Prima

LOS ANGELES — M. S. (Bill) Wolf of the M. S. Wolf Distributing Co., this city, and the famous Majestic Records star Luis (Da Preem) Prima get together at last when Louie plays in L.A.

According to Wolf, "My pal, Louis Prima, is knockin' 'em dead with his latest records, 'The Lip', 'Coffee Song' and 'Little Boy Blue His Top' out here and, believe me, the juke box ops who will use them will be doubling their take. Louie has that touch

which makes records hum. And, from what I know about the juke box business, this is the guy (my pal, Louie) we need to keep those jukes playing away 24 hours a day to overcome the summer slump."

Louie (Da Preem) himself is also all het up over the juke box coinmen and reports, "I always want the juke box ops to call around and see me wherever I'm playing. I want to thank them for the grand support they've given all of my records."

Duro-Matic Offers New Escalator Conversion

SEATTLE, WASH.—A new escalator conversion known as "Duro-Matic" has been developed and is currently being manufactured by the Duro-Matic Company, Inc., this city.

The unit, especially conceived to fit all Mills slot machines, is said to simplify the operation of escalators currently in use. "We know this conversion will outwear the mechanism, as it no longer takes force or pressure to operate the escalator which, in turn, makes the machine itself easier to operate," declared Sam Grossman, veteran coinman and secretary-treasurer of the Duro-Matic firm. Under the system by which the conversion operates, the coins are said to move along smoothly carrying the dirt and lint with them and making constant care and cleaning unnecessary.

The inventor of the Duro-Matic is Dave Martin, who has been connected with slot machines since 1929. In addition, he serves as president of the firm. Earl K. Everett, also a cointrade veteran, is vice-president.

Steel Production Goes Higher

NEW YORK — Steel production for this past week was scheduled at 89.6 per cent of rated capacity, or 1,597,100, up 0.3 per cent from last week's 89.3 per cent and 1,573,800 tons, respectively, the American Iron and Steel Institute reported.

One month ago operations were at 87.2 per cent and 1,536,800 tons, respectively and a year ago 90.8 per cent, or 1,663,100 tons.

Copper Price Policy Attacked

NEW YORK — Of interest to the cointrade is news reflecting the currently critical copper situation which affects production of many types of coin equipment. According to statements issued this past week by copper industrial leaders, the copper crisis will not be eased until adjustments are made by the government on price policy.

In order to avoid a double copper price, one for foreign purchased copper and the other for domestically mined copper, it is asked that OPA lift the domestic ceiling, and thus stimulate production.

Three Machines Rifled In Single Robbery

TOLEDO, O.-Local coinmen took a triple trimming here this past week burglars broke into Wanamaker's Inn and clipped the three coin operated devices on the premises.

The pinball game, the juke box.

SUPREME COURT DECLARES "BANK BALL" A GAME OF SKILL

Enjoins Police from Interfering. Finds Game Immune from Seizure. First Important Post-War Decision.

BROOKLYN, N. Y.—Supreme Court Justice Francis G. Hooley, ruled in the Supreme Court here this past week, that the "Bank Ball" bowling game, manufactured by Amusement Enterprises, Inc., of New York, whose factory is located in this city, was "a game of skill".

He therefore enjoined the Department of Licenses and the Police Department from interfering with the operation of "Bank Balls" in this city.

The Supreme Court's action was based on the application of Amusement Enterprises, Inc., headed by George Ponser and Irving Kaye, for a declaratory judgment holding that the "Bank Ball" was a game of skill and the firm sought to restrain Commissioner of Licenses, Benjamin A. Fielding and Police Commissioner Arthur W. Wallander from seizing the machines pending a final decision by the higher courts of this state.

In his decision, Supreme Court Justice Hooley held that, "the machine was in no sense a pinball machine".

His further observation was "Bank Ball" is a game of amusement and skill and the game is not readily convertible within the meaning of Section 982 (the Esquirol-Robinson Bill of the Penal Code) and no license is required under the Administrative Code of the City of New York for the operation of the machine."

Supreme Court Justice Hooley also

held that the "Bank Ball" was "substantially different" from any machine involved (pin games were brought into the case under Section 982 of the Penal Code) in any reported case in the State.

The Justice ruled that the machines, as constructed, were not gambling devices and that there was "no proof that any gambler, amateur or professional, is interested in the game or its manufacture".

The complete decision appeared in the New York Law Journal (Monday, July 29, 1946) and is considered by coinmen thruout the country as one of the best and most important yet gained by any firm.

Both George Ponser and Irving Kaye are being much complimented by many operators for the expense and time and effort used to win this important decision.

It is the first decision of importance in this area gained since the end of the war and may point the way to even greater efforts on the parts of others in the "legal" amusement machine lines to also obtain similar decisions for their products to bring back greater operations here.

The complete, legally worded, decision is on hand at *The Cash Box* offices at 381 Fourth Ave.,ew York 16, N. Y. Copies of the decision may be obtained from The New York Law Journal, New York, N. Y. and from Amusement Enterprises, Inc., 2 Columbus Circle, New York, N. Y.

ANABY SIRALSHE TROOS SINSREIS LUNG TO SMAS IN TALAB TO SMALL THE CONTROL OF SMALL TO SMALL THE CONTROL OF SMALL TO SMALL

Philly Phono Ops Want 70%-30% Commish Basis

RAY BERNHARDT

PHILADELPHIA, PA. — At this month's regular meeting of the phonograph operators association here, this past week, the complete meeting was devoted to open floor discussions for the arrangement of a new commission basis for the phono ops here in view of the tremendously rising costs of supplies, parts and general overhead and the high cost of the new equipment.

Suggestions were made that it would be easier at this time to jump up to the 60%-40% commission basis from the prevailing 50%-50% commissions now in effect here, but this was scotched by many ops who claimed that they could no longer operate on less than 70% of the gross take. These men upheld the principle of *The Cash Box* in this regard and urged that the entire association adopt this new 70%-30% commission basis immediately.

Ray Bernhardt, president of the organization, also announced that the following new members had been admitted to the association: Joseph Patterson of Bryn Mawr, Pa., Louis Laboda of C & L Amusement Co., Martin Balenseifer and Max Bushwick, the latter three from this city.

These were accepted by the association for full membership.

The following were accepted as associate members: Jack Kauffman, Sam Weinstein and Mike Spector. Harry Elkins was voted an honorary member at this meeting.

Hal McIntyre Meets Mt. Vernon Ops

MT. VERNON, N. Y.—Hal McIntyre, rapidly rising to the number one spot in juke boxes and Cosmo Record star, spent sometime in his hometown of

Mt. Vernon with County Amusements, noted music ops here, going over just what juke box ops want in better money-making records today.

Mfrs. to Meet in Oct. on Public Relations Program

JAS. A. GILMORE

CHICAGO — James A. Gilmore, Secretary-Manager of the Coin Machine Industries, Inc. (CMI) advised the trade this past week in a circular letter that the public relations program effort of this organization had not been neglected but that due to the many problems of production now facing the manufacturers furdiscussion had been delayed until October when a general meeting will be called.

Gilmore writes, "Our solicitation of funds from the manufacturers for our Public Relations Program has been deliberately delayed due to the fact that none of them are producing more than a trickle of their pre-war capacity due to conditions beyond their control. They have been delayed, as you doubtless 'very well know, by strikes in other industries and by shortages of parts, materials and labor."

He also writes, "We will call the manufacturers together for this purpose early in October in the very sincere hope that by that time production will be more nearly back to normal and, as a result, they will feel more liberally inclined.'

Gilmore does offer the following in regard to the Public Relations Program of CMI, "You can be sure that it will be well under way by the time our annual Convention and Coin Machine Show is held, February 3-6, 1947, at which time, if not before, it will be outlined in as complete detail as possible '

"Doc" Eaton Tells Buddy Rich, "Push Button 36"

CHICAGO - DeWitt (Doc) Eaton, Vice-President and General Salesmanager of AMI tells Buddy Rich, Mercury Records star, to push button

36 on the new AMI "Model A" phono to hear his latest recording, as one of the 40 selections on this new phono.

Op Buys Scales Then Finds Them Advertised for Direct Sale

BRUNSWICK, ME.—George G. Bean, well known operator of this city, reported this past week that, upon his return from the U. S. Army, he was contacted by a salesman who was formerly in the coin machine business for some years as an operator, relative to the purchase of the "American 2-in-1 Scales."

After some discussion Bean decided to buy 25 of the scales and gave the salesman an order for this number.

Immediately afterwards, looking thru the July issue of "Restaurant Management" magazine, he found a full page advertisement by the manufacturers of the scales, American Scale Mfg. Co., 3206 Grace St., N.W., Washington, D. C., advertising the scales direct to restaurant owners.

The headline of the page advertisement reads, "Pays 50% to 200%—\$10 brings it to you—your customers pay the balance—you own it for continuing, easy profits."

In the copy of the advertisement, the following reading matter appears, "If you have a scale on a percentage basis, replace it like other restaurants are doing, with this new, post-war streamlined model that YOU OWN—'American 2-in-1 Scales' are in restaurants everywhere."

Tony Pastor Meets Detroit Music Ops

DETROIT, MICH.—Max Lipin of the Allied Music Sales Co., this city, entertained a group of leading juke box operators and their wives here recently and introduced them to Tony Pastor, Cosmo Records bandleader star.

According to Max, "Everyone of

the juke box operators and their wives were thrilled to meet Tony and all acclaimed the many swell records he had made under the Cosmo label for the juke box trade. Tony promised to come back here and entertain the entire city's juke box ops very soon."

Coin Operated Lockers **Get Press Publicity**

EAU CLAIRE, WIS .-- An editorial in the "Leader" here, noted newspaper, is devoted entirely to the 10c coin operated lockers and the fact that, in a few short months, they jumped into the public limelight.

"Overnight", this editorial says, "dime lockers were lifted out of their prosaic role to become associated with adventure and mystery stories of the day. The fabulous German jewels, stolen by an army officer and his wife, were left — not in the little, black satchel, or the secret compartment of a trunk — but in a dime locker."

This editorial goes on to state, "Now the missing atom bomb films are said to be lost in one of the thousands of check lockers in New York City. The army courier who left them there has the key, all right. He just can't remember which locker."

(This paper might also have added that Ilya Ehrenberg, noted Soviet writer, regards the dime coin operated lockers as one of the most outstanding marvels of American inand discussed them quite lengthily in his many articles written here as well as on his return to

Happy Birthday

J. A. (ART) WEINAND CHICAGO — Happy Birthday greetings are due to J. A. (Art) Weinand, Salesmanager of the Phonograph Division of the Rock-Ola Manufacturing Corp., this city, on Monday, August 5, 1946. And "Happy Birthday" greetings are also due to:

DAVE STERN

Dave Stern of East Coast Sales & Distributing Co., Inc., of Elizabeth, N. J., who is distributor for the Rock-Ola "Phonograph of Tomorrow" in his territory and who also was born on Aug. 5. It may be a coincidence but according to Dave, "All the Rock-Ola people are born on lucky days."

FIRST:

Our very warmest thanks to all the dear friends. who attended our triumphant First Southern Showing of the New AMI Phonograph. It was a genuine pleasure to greet all of you. And it was certainly a pleasure to be able to show you the very finest automatic phonograph the South has ever seen ... the New AMI, of course.

> And Now . . . **BACK TO BUSINESS**

The NEW

Automatic PHONOGRAPH Made a Tremendous Hit!

To quote our visitors . . .
"Heavenly tone!" "Marvelous Mechanism!"
"Gorgeous styling!"

No wonder orders for the New AMI are rushing in. If you didn't place your order during the Showing, here's a reminder to ACT TODAY — to insure earliest possible

USED MACHINE PRICES START TO CRACK

N. Y. Distribs Refuse Trades on New Equipt. Believe this Beginning of Price Adjustment Period. Ops Urged to Buy Now to Cover All Open Locations in their Territories.

NEW YORK-Even before the ink was dry on the editorial appearing in this same issue predicting the forthcoming price adjustment period (discussed sometime ago in The Cash Box) reports began to arrive that thruout the country, with conditions as they are where take has dropped, in some cases as much as 45% and even more, that the used machines price market was beginning to show very definite cracks.

Many of the men contacted by phone and wire by The Cash Box believed that this was the "beginning of the price adjustment period you (The Cash Box) predicted sometime ago". They also stated that they were finding it difficult to rid themselves of used machines at this time for sales were at the lowest point they had ever fallen to since the pre-war years of '39, '40 and '41.

From a rapid survey made in New York City, where some of the nation's most outstanding distributors are located, it was learned that many of these coinmen were refusing to take any further trades on new equipment. They suggested to the ops who called on them to instead sell their machines at prices which would allow for complete reconditioning and export of this equipment.

Contacting association heads by telephone, The Cash Box learned that these men were going to urge their members to purchase all the used machines they possibly could while the prices started to fall (and before they leveled off) so that they could cover all open locations in their territories as a protection against any

newcomers stepping into these spots.

One operator stated, "This is the time for the operator to buy all the used machines he can get. There is no doubt anymore that plenty of new blood is entering into this business. There is going to be a big turnover unless the operator covers all the open spots in his territory and gets in there with a legal contract for at least two to three years at the same time arranging for your (The $Cash\ Box$) suggested 70%/-30% commission basis. In this way the operator is going to be completely pro-

"The bad season we have hit this summer", this op continued, "won't last much longer. Production is up and people are going back to work in bunches every day. This will mean that sometime late this Fall we will all be hitting on high. We'll more than make up anything lost this summcr Furthermore, we are not losing actual money. We are simply cutting ourselves back in the tax brackets. Our equipment is going to last. We've got a good business and those operators who will use their heads right now, can make this the best business they've ever been in, if they will handle it like business men should. "First of all," this operator suggests, "cover all the open spots in

your territory so that no new blood

can bust in on you. Second, buy right now while you can get good bargains. Third, sign up the locations where you bring in the machines to a good legal contract or lease for at least two to three years and arrange for only 30 percent commission to the location owner. There won't be any big production on new machines for at least three months, from all indications, and therefore this is the time for the operator to get to work and get himself assured for the future."

Many operators are sure to take the words of this very well known operator to heart. He points a logical path to all. He not only reasons that there is a boom coming very soon but he also tells the op how to protect himself and how to assure himself a good business for tomorrow.

There is no doubt that as the used machines market prices begin to lower-and they will, within a short period, level off to a new price basethat this is the time to buy used machines and cover every open location.

AOLAC TO WORK WITH BOWLING ASSN.

LOS ANGELES — Continuing on in the same spirit which brought about cooperation between the Associated Operators of Los Angeles County, Inc., (AOLAC) and the Tavern Owners Association of Southern California, Samuel (Curley) Robinson, managing-director of the AOLAC, has just made arrangements for closer and better cooperation between the members of his organization and the Bowling Proprietors of Southern California, Inc.

H. H. Hollowick, managing director of the Bowling organization, wrote to "Curley" Robinson, "The fundamental purposes of trade associations are basically the same and cooperation between them results in benefits to the members of the representative groups. If we can at any time be of service to you, please do not hesitate to call upon us."

It is this sort of cooperative effort which "Curley" Robinson has been urging other coin machine operator associations thruout the country to arrange. He has, many times in the past, pointed out that cooperation between the allied industries and the coin machine business has proven invaluable to his organization and will prove of just as great value to any other organization in the nation.

AOLAC will continue to arrange for meets between their Board of Directors and membership with associated industries and will thereby attempt, in every possible fashion, to bring about a closer and better relationship for their mutual benefit.

Juke Box Helps Popularize Student Canteen

KALAMAZOO, MICH.—A Rock-Ola phono, donated to the local Y.M.C.A. is helping to popularize the Student Canteen on the roof of the Y.M.C.A. here.

Every Wednesday night there is dancing from 8:30 to 11 PM., and the youngsters gather 'round the juke box all hepped and happy.

Gathered around to make sure that their juke box is in perfect working director; Bradley Allen, president; Donald Smith, activities secretary of the Y.M.C.A., who represents the organization on the Canteen committee and Judy Ogden, secretary.

Juke box ops everywhere in the country are gaining community favor by donating old machines to canteens for youngsters.

MACON, GA.

Hartford's License Ordinance Most Complete in Detail, Coinmen State

HARTFORD, CONN.-The new licensing ordinance of this city is consilered one of the most thorough jcbs ever yet seen by experienced coin machine men.

Officially it is known here as "Section 23-21 ordinance providing for licensing of music vending machines or mechanical amusement devices."

Not only is this a thorough and completely understanding job for the city's common council, but, it covers every possible phase of the coin machine industry allowed here.

Music machines are taxed at the rate of \$15 per year; pin-ball and similar type games at \$35 per year; arcades at \$100 per year. Licenses are transferable to similar type machines.

Penalties are well defined. The ordinance is exceptionally well writ-ten and shows a very fine under-standing of this industry. Coinmen who have received copies for their files believe that the common council must have had the advice of coinmen well versed in licensing to be able to have an ordinance of this kind written for them.

Every possible loophole is covered in this ordinance and there is no doubt that it will stand up for sometime to come.

Cowboy Star Dazzled

HOLLYWOOD, CALIF. Spriggins, cowboy star of Columbia Pictures here, is reported to be dazzled by the new AMI.

Deuce is listening to two of the Deuce is listening to two of the songs from his latest Columbia pictures, "Cowboy Blues" and "Singing on the Trail." The songs are, "I Been Down In Texas" and "What's The Down In Texas" and Matter With You."

Spriggins recorded both songs for Mercury Records and is listening to them being played for him on the new AMI Model A phonograph.

CHICAGO 14, ILL

Suggests Inventor Make "Government Vender"

SANTA BARBARA, CAL.—The Evening News-Press of this city, in an editorial, suggests, "American inventors have made it possible for us to get almost anything we want out of a slot machine, if we put the right coins in the right slots.

"We seem to be due for a 'Government' slot machine next. You put in a few quarters or a dollar bill and you get a Senator or a Representative

Vets' Housing Program to Open Many New Locations

(Special to The Cash Box)

WASHINGTON, D. C.—Housing officials here are confident that a comprehensive program of Government assistance will stimulate production of more than 500,000 low cost veterans' homes built with new materials and new techniques.

Twenty-two companies have already consulted with the Office of the Housing Expediter and are preparing to manufacture houses using primarily non-wooden materials.

Officials here report that these producers are shooting at the goal of reducing the prices of erected houses by better than 50 per cent.

One manufacturer is reported to already be producing a house a day in a pilot plant operation and plans to market this two bedroom model at \$3,000 plus land cost.

This news comes with special emphasis for the coin machine trade. There is no doubt that entirely new communities will be created by these young servicemen and their wives and children on the outskirts of many towns and cities.

Already such effort is noted in the purchases of land from leading real estate firms at low prices, in some cases many miles from urban centers.

Retailers and large department stores are planning to follow the trend of these new developments and will build stores near these new communities.

This will open the way to many hundreds of new locations for coin machines of all types.

The further fact that the average veteran and his family are classified as "young" will mean that much more to the coin machine trade which obtains its greatest following from among young people.

There is no doubt that juke boxes

There is no doubt that juke boxes and amusement games of all types as well as merchandise and service machines will find their way into these new communities as the houses and stores go up.

With Government officials very optimistic over this new housing program, and also of the belief that it will be very well under way by 1947, there is no doubt that many coinmen can now plan to enter into such com-

Gutshall Shows Aireon in New San Diego Office

JACK GUTSHALL

SAN DIEGO, CAL.—Operators and servicemen gave the new Aireon phono a thoro going over during the two day showing at the new offices of Jack Gutshall, 640 - 16th St., this city, July 24 and 25.

Gutshall and the manager of his offices here, J. L. (Steve) Stephens, who is well known thruout this area, advise that an entire truckload of the new Aireons were received in time for this showing.

One of Aireon's engineers, Elton (Li'l Abner) Yokum, was on hand to explain the machine to those ops who were present. His capable presentation is reported to have met with the complete approval of the servicemen who attended.

Among the operators who were present were: Walt Schinkal, Cecil Vincent, Anthony Bartholomew who with Earl Cooper has formed the West Coast Amusement Co., here, as well as George Bacon, Cal Brown, Jack Riley, and many others.

Refreshments were served and the ops here admitted that this was, "one of the swellest parties ever given in San Diego" for a new phono.

munities if announcements have already been made in their areas and land has been sold for such housing.

Mape to Open Offices in Stockton

LOS ANGELES - Ray R. Powers of the E. T. Mape Distributing Co., Inc., offices in this city announced this past week that the firm plan on opening sales offices in Stockton, Calif. where they will feature a most complete line of music parts, phonos of all types and many other products of the firm.

Powers pointed to the large shipment of used phonos these offices had just received from the northern part of the state. They offer ops here one of the most complete music services and are continually stocking phonos.

In addition, the firm manufacture many vital music machine parts and have won much good comment thruout the trade for these units.

Powers stated, "We will see to it that everyone of the operators in the Stockton area are kept supplied with whatever units and machines they want. To give them the closest cooperation and the finest service we shall open in Stockton."

RAY R. POWERS

Available for all types of territories . . .

TELEQUIZ COMPANY SALES

1629 W. MITCHELL ST. MILWAUKEE, WIS. (Tel. Mitchell 3254-55)

Here's How It Works

28" Wide 30" Deep 54" High

TELEQUIZ challenges each individual. It may be stocked with as high as 32,000 different questions (4000 on each subject) or set to repeat questions at intervals. Each complete game of 5 questions takes one minute and 15 seconds. Machine has a potential earning power of \$2.50

seconds. Machine has a potential earning power of \$2.50 an hour at 5c play.

It allows the player his choice of eight different subjects, such as Law, Comics, Baseball, Football, Cities, Celebrities, Music, War, etc. Questions are projected on a screen 9x12. Has three dials (1) a Play Indicator showing which question is being answered; (2) a Timing Dial which analyses time needed by player to answer, and (3) the Totalizer which gives player his score.

Telequiz is not a gambling machine, having no element of chance. It depends on the skill and knowledge of the player—
is as legal as any cash award radio program on the airlanes today. Contact TELEQUIZ SALES today for further information.

today for further information.

165,000 Cosmo Records Hit Jukes Each New Release Survey Just Completed Shows Power of Jukes to Boom Record Sales

HARRY W. BANK

NEW YORK — Report of a survey just completed among the firm's distributors by Cosmo Records, Inc. was made public this past week by Harry W. Bank, president of the corporation, and who is well known to the coin machine trade.

The survey showed distribution of 165,000 records of each new Cosmo release to its distributors exclusively for juke boxes. Bank reports that this is the highest yet shown by any record manufacturer.

He also disclosed that metropolitan Chicago (the complete trading area) uses 32,000 records of each new release for immediate distribution to juke boxes. "This", he stated, "is 100 per cent coverage, for estimates show that there are 32,000 juke boxes in the Chicago trading area."

The survey also indicates that Cosmo Record distributors thruout the nation maintain an extremely close link with the juke box trade. "In fact," Bank said, "they make it their business to send the first of each new release right to the juke box operators in their territories and have arranged for the most complete coverage ever yet known in the record industry."

As an example of how Cosmo Record distributors work, he pointed to the Tony Pastor record "Surrender", which has clicked with juke box operators and stated, "When Tony Pastor played in Atlantic City he found every juke box he visited featuring one of his 'Surrender'

records. This was arranged thru our New Jersey and Philadelphia area distributors long before Pastor had thought of making an appearance in Atlantic City."

Cosmo distributors, according to Bank, are asked to keep a close check with the juke box operators in their area and because of this provide the firm with field and location reports on new tunes constantly. The resultant effect, Bank claims, is that the

firm is able to give the juke box operator the records that he needs to earn him the most money from his machines.

The survey shows that the firm's distributors in such major cities as New York, Philadelphia, Pittsburgh, Washington, Dallas, Portland, Detroit, Cleveland, Cincinnati and Baltimore, have proven themselves solid selling points for offering Cosmo Records first to the juke box trade.

Banking" Magazine Poll Shows Business **Recovery Soon**

NEW YORK — Signs that business is returning to a sounder prosperity are to be found in the results of a business opinion poll made by "Banking" magazine, journal of the American Bankers Association, Wm. L. Kuhns, editor of the paper stated in the August issue which has just been released.

According to the poll, more than three-fourths of the automobile dealers interviewed saw an increase in business anywhere from 10% to 50% in the next six months, and more than one-third of the dealers saw a rise of 100% in business within a year.

Among household appliance dealers who were questioned; nine-tenths of them stated that business was better than a year ago, with a small majority stating that current business has surpassed their pre-war volume.

Among the other businesses which have already attained an improve-ment or expect even greater improvement soon were: hardware dealers, farm implement dealers, feed, department and apparel stores.

The article does report that materials and labor shortages caused business of many general contractors

to fall off since April.

Prevailing opinion among banks interviewed, was that the outlook for loans is very good, especially in important commercial fields.

Bayonne Wired Studio Gets Full Page in Press

BAYONNE, N. J. - The Bayonne Times devoted practically a full page this past week to the operators of wired music in this city.

Not only was a picture of the busy studio itself reproduced, but also a complete story on how the music is sent over the wires to the public and also listed the names of the gals doing the broadcasting all day long.

This was one of the most complete and detailed stories ever yet to appear in any newspaper on wired music studios and their methods.

"Coin Machine Mart" Booms for Industry

NEW YORK — The "Coin Machine Mart" section of The Cash Box has started to boom for the benefit of all buyers and sellers in the coin machine industry.

Beginning with last week's (July 29) issue the "Coin Machine Mart" jumped to a new high for the year in offerings of all types of coin operated equipment, services and miscellaneous machines.

"wanted-to-buy" advertisements in this classified advertising section also jumped up along with the "for sale" offerings.

It is believed that from now on, until prices have completely adjusted themselves, that many operators thruout the nation will take advantage of the "Coin Machine Mart" classified advertising section of The Cash Box and may even boom this to wartime proportions.

Those who are seeking individual offerings of coinmen thruout the country are urged to scan this section

carefully.

The larger firms make use of complete display space featuring their offerings in detail so that the trade has better advantage to judge the merchandise being offered.

With many new advertisements entering into the "Coin Machine Mart" each day, The Cash Box will divide these as formerly in "Wanted", 'For Sale' and "Miscellaneous".

As the "Coin Machine Mart" grows

in importance it will offer many coinmen equipment which they could not otherwise obtain.

Harlich Mfg. Co. Open \$2 Million Plant Aug.

CHICAGO — Harlich Manufacturing Co., this city, announced this past week that effective August 15 they will be in their new \$2,000,000.00 plant located at 1200 N. Homan Ave.

Executives of the firm stated, "These new quarters mark another era in the manufacture of sales-boards."

They also said, "With an area of 250,000 square feet, all on one floor, the development of the single, streamlined production line has reached the point of perfection. It is anticipated that the smooth flow of all types of boards, in any size required, is assured."

Also reported was the fact that, "This new plant is complete in every detail necessary to maintain the reputation of the famous Harlich line. The new factory will produce the 'World's finest line from the world's finest factory'."

"We will, after a short period necessary for adjustments in the tempo of the interlocking divisions of production," they continued, "reach our goal of immediately supplying to any part of the world practically any type of salesboard."

Many salesboard ops have already indicated their desire to visit this huge new factory and plan trips to this city to see the new streamlined

production line.

Jack Nelson Takes Over Bank

JACK NELSON CHICAGO—Jack Nelson, who clicked with the "Double Point" needle and who will handle the "Challenger" phono and the new bowling game, "Strikes 'n Spares", writes, "You know I always wanted to get near the big money and I thought moving into a bank building would be the proper start."

Nelson has just moved to new quarters at Milwaukee and Belden Avenues, this city, formerly occupied by a large bank. All the fine appointments were left there for Jack and so he believes he will have one of the most outstanding headquarters for distribs ever seen in this area.

Uncle Sam Collects \$857,900 from Minnesota

MINNEAPOLIS, MINN. — The Federal government collected \$857,900 income during the fiscal year ending July 1 on Minnesota's coin machines.

Elmer F. Klein, Collector fn Internal Revenue here announced that the Federal tax of \$100 per machine was paid by 5,609 persons and organizations on 8,579 machines.

For pinballs and juke boxes, 8,381 persons and firms paid \$10 each on 10.381 units amounting the \$103,810.

Exempted from Federal tax are veteran or fraternal groups which use slot machine income only to help defray expenses of clubhouse operation, Klein stated.

Optimism Runs High | Empire Makes Special at N. J. Music Ops Housewarming Party

NEWARK, N. J.—Currents of optimism for the future of the phono trade in this state ran high as the Music Guild of America, New Jersey music ops group, opened its doors this past week in an informal "house warming" at its new headquarters, 1140 Broad Street, this city.

Serving as host for the occasion was LeRoy Stein, executive director of the association.

Centered about a generous buffet of refreshments, phono ops from every corner of the state gathered to celebrate the occasion. In addi-tion, representatives of many local distributing firms and record makers were present.

The affair, staged in as informal a manner as possible, served nonetheless, as an opportunity for members of the trade to meet with each other to discuss common problems and methods by which these problems might be successfully tackled.

Much of the gaiety and optimism exuded by the gathering stemmed no little from the wide, progressive program which the MGA is embarking upon. With the group already committed to endeavoring to secure a 75%-25% commission program, other plans, such as public relations, tax guidance, etc., came in for speculative conversation.

The phono ops were treated to a busman's holiday when Paul Brenner, disc jockey on the well known "Requestfully Yours" radio program introduced Jerry Sellers, Sonora Records singing star.

Among those who attended the housewarming were: B. Gerber; Sol Kesselman; Joseph Trisalone and John B. Szykowsky of Vaux Haul Music; Jack Kronberg, Crown Dis-trib. Co.; A. J. Hirsch; S. Kody; H. Horwitz; C. L. Harvey; J. Pascarelli; Bob Crane; S. McNamara; Nat Turkel; E. J. Delaport; Jules Rusoff; Al. McFarlane; J. Sterling; E. Emerson; Humbert Betti, Sr.; L. E. Marks; Ed. Levey; C. R. Juliano; Jerry Sellers; Jerry Beller; Walter Rothfuss; Paul Brenner; Dave Braun; Geo. Hayes; Bill Pierce; Noah Jenkins; Sidney J. Koenig; Irving E. Russell; Leo Crawford; Leslie J. Offer to Buyers

CHICAGO-Gil Kitt of Empire Coin Machine Exchange, this city, is making an unusual and special offer to buyers thruout the nation by allowing them 5% discount from all purchases if they will tear out his advertisements and return them with

Regarding this Kitt stated, "We are absolutely jammed with equipment in our present quarters awaiting the completion of our new building on Armitage Avenue here. Instead of just allowing the machines to gather up, and at the same time to give us the room we need, we are giving all buyers a special 5% discount if they

will remove our ad from the magazine and mail it in with their orders.

Packard Sales and Service Execs Meet

INDIANAPOLIS, IND -Shown here are Regional Sales Managers, engineers and management personnel of the Packard Manufacturing Corporation who convened with Homer E. Capehart early in July for the reg-ular semi-annual sales and service conference in Indianapolis. The conference was specially highlighted by the presentation of the Packard Pla-Mor Model 400 Phonograph Hide-away. A brilliant future was predicted for the "400" which is now climbing to full production as rapidly as material conditions will permit. These men are also soon to make formal presentation of the Packard Pla-Mor Model 7 Floor Phonograph.

Sessions of the service convention were held at both the Columbia and Niagara plants of the Packard concern. A feature of the three-day conference was the banquet held in the Travertine Room of the Hotel Lin-coln. Among those present at the banquet (see photograph) were: Seated, left to right: Roy Burlew, W. H. Krieg, secretary and general counsel; E. E. Collison, consulting

engineer; W. F. Struby, president and general manager; Homer E. Capehart, chairman of the board; R. Foss, regional director, CIO; K. C. Schortemeir treasurer; Thomas Sand-

Standing, left to right: T. J. Hicklin, sales manager; S. T. Cass, manager, east central region; W. C. Mossbarger, manager Minneapolis region: Fields, manager, Northwestern region; Harry Payne, manager, Ohio region; Earl Hess, sales department; D. V. Kennedy, manager, south-eastern region; J. A. Darwin, manager, eastern region; Art Nagel, manager, south central region; R. Q. Kramer, manager, midwest region; Homer E. Capehart's two sons, Tom and Earl; H. I. Dollinger, manager, southwest region; J. E. Gaddis, manager, Denver region; C. E. Washburn, manager, west coast region; R. S. Bleekman, manager, Chicago region; W. J. Platka, export manager; J. F. Southern Cal. Juke Ops Assn Meet Turns Into Cry Against Direct Selling Jobbers

SAM RIKCLIN

LOS ANGELES — (By Special Wire to The Cash Box) The MOASC (Music Operators Assn of Southern Calif.) called a special meeting this past week at the North Star Auditorium here for the purpose of electing a new Board of Directors.

The organization had recently received its charter from the state and to comply with legal requirements a new Board of Directors was elected to approve the new charter.

The new board is now composed of:

BEMAN SALES CO. 217 NORTH MAIN STREET GLOVERSVILLE, N. Y.

Jim Marshall and W. Laymon Lee of this city and Ernest Bryant of Glendale. Walter Swartz, former secretary-treasurer tendered his resignation and this was accepted and Jay Bullock was chosen to fill this post.

Sam Ricklin of California Amusement Co., vice-president, presided at this meeting when it was learned that Dick Gallagher, president, had suffered a heart attack.

Some discussion was held over the increase in prices of new machines. From among the 45 members present there were many protests suddenly raised regarding the fact that direct sales were now current and that some of the members had lost locations because of this practise on the part of certain jobbers.

A resolution was adopted calling for a complete investigation and a report will be made at the next meeting naming those jobbers who have already sold direct and others who are attempting to do so.

Nat'l Jazz Foundation Execs Hear New AMI

NEW ORLEANS, LA.—Ed. Ponder of the New Orleans Coin Machine Distributors, this city, distribs for the AMI music line in this area, was honored by the appearance of the leading executives of the National Jazz Foundation who came to see his showing of the new AMI Model "A" at the Rose Room of the Jung Hotel here.

Along with the execs of the National Jazz Foundation were a great many operators and jobbers from all over Louisiana who also came along to get their first look at the new AMI phono.

From left to right in this picture are: Ed. Ratajack of CMAC; Jim Hyde, assistant AMI salesmanager; Henry Alcus, president of the Na-

tional Jazz Foundation; Miss Pat Spiess, executive secretary of the Foundation; Ed. Ponder of Louisiana Coin Machine Distributors and Chris Niessen, secretary-treasurer.

Funny how some coinmen run for shelter even before the storm breaks. It seems that the old fight is gone from a lot of the boys we have around nowadays. In the years gone by coinmen used to fight harder than ever when a slump season took hold and always found a way to stimulate business all over again. Here at *The Cash Box* we've started on a program that will bring back those sales right up to the coming boom period and when all things bust wide open (which won't be long from now) there'll be plenty of thanks due to this exclusive coin machine medium for the hard work it put forth at this time.

We note Vince Shay is driving around town in his new Buick these days and it sure does look nice to see the president of Bell-O-Matic in there driving away in this shiny new job . . . By the way Vince's very capable and efficient Ida Voth is still vacationing up there in Mackinac Island, where everything is so cool and lovely. Paul Jock is back in Indianapolis, Ind. once again and will be in business under the name of Guarantee Distributing Co. He will handle a line of phonos, pin games, consoles and Pace slots. Good luck, Paul . . . Mid-State Coin Machine Co. moved to new and larger quarters at 2367 Milwaukee Ave.

Woolf Solomon of Central Ohio Coin Machine Exch., Columbus, in town this past week and making arrangements for shipments of new equipment to his place of business. Woolf is reported to be doing a grand job down in his part of the world . . . Red Odder of New Orleans, La. seen in town this past week looking things over and setting ready for the higherst this fall

getting ready for the big break this fall.

Henry (that man) Fox of New Orleans, La., Jackson, Miss., Birmingham, Ala. and other points from the South, that is, the south, son, was back in town again. Henry should buy himself an airplane that would make it cheaper and easier for him. He's our southern commuter—in Chi every other day—so it seems... R. B. (Mac) McLaughlin, General Sales Manager for O. D. Jennings & Co. off to the West Coast visiting with all the coinmen out there. Plenty of Jennings machines have been shipped out there and its seems that "Mac" is in for a grand reception from the ops in the west.

Al Schueneman, who represents O. D. Jennings in the New England states, spent the past week at the big Jennings factory getting a line on what's what and what's coming to take back to his territory with him . . . There's something new under the sun over at the Genco plant . . . Al (World Wide Distributing Co.) Stern is visiting his Kanses City, Mo. branch and talks over future plans with Fred Merkel who will be in charge of the K. C. offices.

Jerome (Red) Jacomet of Red's Novelty Service, West Allis, Wis. was in town this past week and trying to grab some of those nice machines at 'way down prices, they tell me . . . Dan Cohen of Progressive Music Co., New Orleans, is in town again and is reported to be preparing a very interesting announcement to the trade via The Cash Box very, very soon. Watch for it . . . Morris Hankin of H & L Distribs, Atlanta, Ga. flew into town to get himself a couple of hundred carloads of the new AMI phonos after his very successful showing in his beautiful coin machine offices in Atlanta. Morris says that Jack Lovelady won't be satisfied unless he comes back with at least 10 carloads.

Jules Peres of New Orleans also in town this past week and that great, big diamond Jules wears always interests me. Jules is reported to be doing a very good job down there in Nola and was up here arranging for delivery of more and more equipment . . . Irv Blumenfeld of The General Vending Sales Corp., Baltimore, Md. in town this past week and seen over at some of the important factories for whom he is distributor trying to arrange shipment of an entire trainload of various machines to his home town because he has so many, many advance orders on hand to fill.

Over at Ben Coven's (Bally distrib) they are demonstrating something radically new and different in the way of an electrical tester. Ops who saw it demonstrated were amazed to learn how quickly all parts on any game can

be tested pronto (electrical parts) saving many, many hours of time in locating trouble problems. The apparatus is very similar to the large testing equip't used by the most modernly equipped coin machine repair shops, only this is in miniature form. It comes in a self-containing case and weighs only 12 lbs. and provides a socket for heating a soldering iron, another to test bulbs. The name of it is Bico Electrical Tester and it is being exclusively distributed by Coven.

If Gil Kitt brings one more piece into his Empire Coin Mach. Exch. quarters he will have to move his offices out into the street. (Honestly, I've never seen so much equipment loaded into any one place in many a day). It's no wonder to me why Gil is so anxious to move into his new, large quarters on Armitage Ave. where he'll have plenty of room to spread out. He sure does need it . . . Over at Atlas Novelty Co. ran into a similar situation. There are so many, many phonos around that I just couldn't get into the place to say "hello" to Morrie and Eddie Ginsberg.

They tell me that Bert Davidson is still in New York. Wonder why? . . . Jack Nelson has moved to new and larger quarters at 2320 Milwaukee Ave. so's to make ready for the new Challenger phono and the new bowling game, "Strikes N Spares" he plans to manufacture here . . . By the way "Strikes N Spares" is the game Ed Johnson is building out in Hollywood, Calif. and which is stated to be a "real bowling game" with a 15c play idea on it . . . Lou Morris of Morris Novelty Co., St. Lcuis. Mo. in town this past week and reported to have looked around pretty carefully at all there was to see here.

Milt Salstone of M-S Distributing Co., who distribs Cosmo Records here, was quite thrilled to hear that his pal M. S. (Bill) Wolf had also taken on his first record distributing line and that it was Cosmo Records. Milt reports that Al Silberman is doing a terrific job setting up the record division of the Wolf firm . . . Haven't been able to catch up with DeWitt (Doc) Eaton of AMI for a minute. He's one of the busiest guys I've ever come across. Always on the go—and always going somewhere around the country—seems to hop a thousand miles like some of us think of going from the south side to the north side of town.

Lots of congrats to that grand, grand guy—J. A. (Art) Weinand of Rock-Ola on his birthday (Mon., Aug. 5) and betcha Art was rather thrilled to learn that one of his eastern distribs, Dave Stern of Elizabeth, N. J., was also born on August 5... Joe Beck of Telequiz Sales is reported to be busier than ever since he announced this unique console for plenty of callers have been calling around ever since... Leo Lewis feeling a little down in the mouth this past week, but, if I know Leo at all—he'll be completely perked up before the week is every

he'll be completely perked up before the week is over. Haven't heard from Jimmy (Globe) Johnson of late . . . Nor have we had any reports that Oscar Schultz is still hanging around that "shvitz" . . . And Al (Bell Products Co.) Sebring is still getting over his visit to New York where he met so many interested in his "Beacon Coin Changer" . . . They tell me that some of the Bally men are out on the West Coast taking plenty of bows on their new "Draw Bell' console . . . Al (Beau Brummel) Tarsson left for N. Y. this past week. Hope he comes back sometime . . . Jack Keeney and Bill Ryan are reported to be busier than bees with a zillion orders on hand for their great console.

Dan Baum and Art Heinke of Baum Distributing Co., St. Louis, Mo. in town making the rounds seeing the factories. Dan tells us he'll be making an announcement in The Cash Box very shortly with a surprise for phono operators, featuring a new streamlined phono stand . . . Richard Groetchen of Groetchen Tool & Mfg. Co., away in Northern Wisconsin angling for the big ones . . . J. D. Lazar of B. D. Lazar Co., Pittsburgh, Pa. in town . . . Bill Marmer, Sr., Sicking, Inc., Cincinnati, O. making the rounds . . . Frank Overcamp, Clinton, Iowa operator visiting the distributors . . . The Mills employees held their annual picnic this past week, doing it up in high grade style as usual.

Things generally have been in the doldrums this past week, both in the record business and the coin machine trade. The lads along recordrow and coinrow are complaining about business all along the line. Some feel it is due to the normal summer slump, others believe it is part of the reconversion pains which all business will experience before much improvement will be noted; however, most persons who seem to be in the know are of the opinion that the present slump is a temporary one and will be pretty well over by the early part of fall. Let's hope so, and above all, let's keep punching our way out of this present uncertain period and smash our way into the real prosperity we all know is bound to come.

Our congrats and best wishes to William E. Happel, Jr. of Badger Sales, who was recently married to the former Mrs. Martha J. Barger of San Marino, Calif. The couple tripped up north to Lake Louise, in Canada, and were gone over three weeks. Bill can now get busy on his contractors and speed them up to finish his new building which, according to all reports, will be a showplace.

Bill Wolf has gone up to his San Francisco office to take over while Chet Garton, Bill's manager, takes a well deserved rest. Al Silberman just returned from a quick trip to Portland and Seattle and found things in good shape. He called on a lot of his old friends while in the north country and had a great time talking over old times. Al just bought himself a new home in Santa Monica and is busy chasing around with his wife, the former Lt. Commander Silberman. Mrs. Silberman has just been released from the service and is on her terminal leave. Wolf is setting up a separate organization to handle the distribution of phono records and has signed to distribute the Cosmo line.

Jack Gutshall is currently sponsoring Kay Starr, the beauteous singing star of Lamplighter Records, as the new queen of the juke boxes. In addition, he has just hired two new employees at his ever growing offices, Mrs. Ann Newkirk, as bookkeeper, and Mrs. A. H. Wilbur, as secretary. Jack Gutshall is one coinman who can travel around all the time and never worry about the business. He has one of the most capable and efficient general managers in the trade in Jack Allison, who certainly runs things well in Jack's frequent absences.

Among the ops seen along hot and dusty coin row this past week were: Sol Schwartz of Los Angeles; I. B. Gayer, San Bernardino; Stanley J. Little, Lakewood Village; Alex Koleopulos, Bakersfield; Anton Jeppesen, Maywood; James M. Holmes, Glendale; Barney J. Smith, Long Beach; Walter Leonart, Bellflower; Scott Dreyer, Downey; Frank Stein, L.A.; Leo Vaughn, El Centro; Ivan Wilcox, Visalia; Chris Torrez, Westmorland; L. Worley, Long Beach.

Paul Laymon has taken a great many orders for the new Bally "Draw Bell" console, and expects to make delivery of these new machines within a few weeks . . . Elky Ray of the Gold Coast Coin Machine Exchange has been displaying the new Gottlieb "Daily Races," a new one-ball, and the new Gottlieb "Superliner." Elky is quite unhappy about not having the space to display all of his swell new games, and is occupying a small store while impatiently awaiting the opening of his new office and showrooms. Shortages of material and what not have

been turning Elky's hair from a nice shade of brown to light gray.

Nels Nelson has the new all-electric automatic bowling game, "Strikes and Spares," on display on his floor. Nels has been getting swell responses from the ops who have seen and played the games and has taken many, many orders and cash deposits for future delivery. In addition, he is distributing the new "Phonette" measured music box and has been selling hundreds of pieces.

Dan Jackson of the Automatic Games Co. has taken a trip to San Francisco for a few days and is due back the end of the week. Sam Donin, the other half of the firm, is slowly going mad trying to find out why the local office of the Civilian Production Agency has stopped the work on their new building, it seems the boys were given an ok to proceed and, with just one or two days of work to finish, the CPA stepped in and ordered the work halted. Sam expects to get the situation cleared up shortly so that they can finish up the place in time for their grand opening which was scheduled for this week. In the meantime the boys are selling those Pace slots like mad.

Len Micon of Pacific Coast Distributors has received word that a number of new H. C. Evans "Bangtails" are expected within a few weeks. He is also awaiting word on deliveries of the new Packard hideaway. Len is taking a short trip to San Francisco on business . . . Ray Powers, of E. T. Mape Distributing Co., Inc., has just received a large number of used phonos from the northern part of the state and has completed remodeling and refinishing a good many of them. Ray informs us that the firm plans on opening offices in Stockton for the distribution of phonos and parts.

Len Kelly has just hired a new secretary for the firm's Dallas office. Her name is Ann Young. Several new salesmen have also been employed to sell in the Dallas territory. They are: Terry Fell, Vic Bias and Art Ballou. Kelly tells us that the sales of records have shown a great improvement since the firm opened their Dallas office, and he plans on opening an office in Omaha soon . . . W. Merle Connell of Quality Pictures has just finished recording the music for series 21 for the 16 MM. coin machine ops. He expects to have this series of film ready for distribution within three weeks.

Bud Parr of Solotone, having recently returned from a very successful trip on which he appointed distributors for the firm's new timed music box, has set up a national organization of more than twenty distributors. Parr tells us that the demand for the boxes is growing by leaps and bounds . . . Jules Bihari of Modern Records is planning an extended trip across the country and expects to be away from town for approximately four weeks. He expects to call on all of the firm's distribs and appoint a number of new ones in territories where the firm has no representation.

Robert W. Shidler, of the Southwest Distributing Co., was recently appointed to distribute a coin operated radio and plans on an announcement soon . . . Leo Mesner, of Aladdin Records, plans on releasing a number of new recordings for the phono trade which, he says, will be sensational . . . John Rough, of Phonofilm Productions, hired a new secretary to handle the increased volume of 16 MM. coin machine film biz . . . H. M. De Govia, of Dee's Service, may soon announce a new music box which he has been working on.

ITTSB

Si (Wurlitzer) Redd Distributing Co., is currently making plans for a big Fall sales campaign. With most of the necessary out-ot-town-business trips completed, he plans on spending more time at his headquarters here . . Ed Ravreby, Associated Amusements, Inc., has been busy on long distance phone lines to obtain equipment for the local ops . . . Mr. and Mrs. Frank Ward, Fairlee, Vt., are celebrating 20 years of wedded bliss . . . George "Beau Brumel" White of Worcester, Mass., was a recent Boston visitor.

Walter Luby, Shrewsbury, Mass., came to Boston with his son to buy some new units. He operates the White City Park Arcade . . . Bill (Packard) Hamel, Hamel Distributing Co., sold a pair of music routes recently. Bill Greeley, same firm, hiked up to Concord (N.H.) on another week end . . . Good news in Vermont as county elections there upheld a number of ops. Same for Massachusetts with a recent Supreme Court ruling opening up a number of cities for free play games.

R. Driscoll, Danvers (Mass.) coinman, is now in California . . . Barry's Music, phono op firm, have added pin games to their operation . . . Milton Hoff, Boston Coin Machine, Inc., very enthusiastic over the new "Atomic . . M. Jacobs, Eliot Enterprises, Tradio jobbers, Bomber". traveling New England. Claims there are lots of ready made locations for coin-operated radios Says it's just a problem of supply keeping up with demand.

Walter Curran, Dorchester pin game op, was a recent Boston visitor . . . Walter J. Midula, Palmer (Mass.) recently discharged from the Army, is another new coin-Louis Fontaine, Greenfield (Mass.), disabled op . . . Louis Fontaine, Greenfield (Mass.), disable vet of World War II, plans to start a music route . . Adolphe Dugas, Webster (Mass.) on a trip here. He's one of the more vigorous salesmen in coinbiz

Art Schaffer, Emby Distributing Co., spent two days as guest of Ben Sterling, Wurlitzer distributor in Scranton. It was a two-day business meeting complete with dinner, refreshments and everything. Also present, to give the boys an inside picture of Wurlitzer doings, was Ben Holsinger. After business matters were cleaned up, Ben Sterling took the boys out to Rocky Glen Amusement Park. which he also owns and operates, and gave his guests and organization an outing they'll never forget.

Charlie Hannum, Atlas Distributing, says fishing is best at Forked River, N. J. . . . Sam Weinstein, Charlie Han-num's associate, sold Mutual Music Co. to devote full time to serving operators of music machines, particularly operator will be invaluable in helping other ops along the Aireon phonographs. His successful experience as an . Archie Welsh sold his interest in the Gilbert way . . Amusement Co. His plans for the future are not settled.

Henry Margolis also sold his business, because of his health. In a few days he will be hospitalized to take care of some ailment that has been bothering him for some time. After he's in shape again, he plans a good, long rest and then stage a powerdrive return to the coin biz . . . Phil Dribbin, Hy-Tone Music Co. is happy about the phono route he bought. It's part of the Royal Distributing Co.'s business built up and sold out by retired Harry Elkins.

Frank Hammond, Scott-Crosse, is working hard and doing a great job helping South Jersey ops build a fine association . . . Atlantic City is enjoying record-breaking crowds this season and the Music Box, under the direction of Messrs Underberg and Cohen, is in there pitching Wurlitzer music in the best places. Their interests along the coast have been considerably expanded by acquiring Modern Music & Amusement Co.'s routes . . . For the man with the most constructive hobby in the coin biz, we nominate Bill Chaitt, personable and versatile Seeburg representative of Automatic Equipment Co. He is building-with his own hands-a house that he has dreamed about for a long time.

Sam Strahl of American Coin-A-Matic happily announces that deliveries of the AMI have begun. Sam's Personal Music is receiving a big reception . . . Ben Long, Mulligan Dist. Co., has doubled floor space to handle increasing sales of Aireon. Fred Mann of the Aireon's Chicago office was a delighted visitor at the enlarged facilities.

Johnny Peters, leading light at Pittsburgh Amusement Co., has found prospects to be so encouraging, as to purchase the two buildings his company now occupies Herby Rosenthal of Banner Specialty admits he's in high spirits over the momentarily expected arrival of the

Packard hide-a-way phonograph.

Sam Horvitz of Acme Novelty Co. smiles and then jauntily says "I am patiently awaiting a 'Pitchem' shipment to arrive"... Ben Rodins and Mary, his wife, of Marlin Equipment Co., Washington, D. C., paid a visit last week to Mechanic Service, Eddie Steele's (Mechanic Service) farm . . . Jack Beever, the author at Tri-State Autocoin Co., has favorable reports of fine cooperation from manufacturers on his tentative Service Men's Course.

Lou Popkins, of Pittsburgh Coin Machine Exhange, will be a down East visitor this coming week. Look for him to play New York last. Meyer Popkins, who will be in charge, is looking forward to a big business week during Lou's absence. It seems he has all types of games.

Cool weather translated itself into a flood of nickels over the routes this past week—as customers, staying inertly at home during the humid days previously, bestirred themselves . . . Z. Zitta, who operates over in East St. Louis, is buying new equipment. His prize for July was a new Rockola, plus several used machines . . . Bill Offerman was another lucky phonograph owner with a similar machine ordered lo! these many months ago.

John Gazola of Star Novelty Company, out of circulation for awhile, has reappeared on the St. Louis scene, shopping for pin games . . . where've ya been, John . . . From Salem, Ill. comes the news that C. Creamens, pinball op, has purchased a string of peanut vendors and is all signed up for a new Vendit string.

Low play on the routes because of beer shortages isn't confined to metropolitan areas, claims Ted Keyes of Farmington, Ill. . . . Ted's collections have nosedived in the past few weeks . . . Freddie Voucher of Festus, Mo. is the first op to secure a new Frisco pin game . . . con-gratulations, and how'd va do it . . . While over at Centralia, Ill., Hudson Houser Company latched on to its second new phonograph in three weeks. Things are looking better . . . but you can't tell that to many of the boys.

We had a call from Todd Novelty Company at Normandy, Mo. . . . they report that new subdivisions going up are creating excellent locations . . . but there are no machines to fill them. Don't scramble, boys! . . . Barney Frericks of Arrow Novelty has recovered from a sniffle cold which kept him suffering over the past month.

John Elder of Olney, Illinois, is another op to go the limit . . . now he's fallen in line with a string of new Northwestern vendors . . . peanuts will go when all other things fail, John asserts. By the way, Bob Atchison of Granite City advises he's searching for popcorn machines. Bob was one of the first to crack the theatre lobby trade in the Alton Industrial district which comprises his routes . . . Art Schooley reports that his Schooley Music Company of the same city received a new phonograph this week . . . the shop closed up and celebrated far into the night.

A luminary spot on the coin machine circut is Ben Axelrod's newly-remodeled showroom and building. The Gottlieb distributor got tired of looking at jumbled stocks . now there's a place for everything in a neat, but colorful showroom full of leather furniture for the boys to swing their feet. Ben was the first distributor to remodel, incidentally.

WAYS THAT

MAKE YOU

Bigger profits

SOLOTONE GIVES YOU

ololones

Want the low down on Solotone? Solotone has the 5 BIGGEST FEATURES in automatic phonograph history, every one an extra profit-maker for you.

- Installed in the same location, one Solotone box takes the place of an automatic phonograph. The additional Solotone boxes that make up the system increase your take pro-
- Solotone, and only Solotone has double coin chutes. Solotone boxes take both nickels and dimes. The dimes add approximately 1/3 to your take.
- 3. Solotone has eye-appeal. It attracts more customers. It earns more take.
- Only Solotone has a genuine 6-inch electromagnetic speaker. This means clear, TRUE TONE that makes customers come back for more.
- Solotone is built right with a heavy die cast box. It will give you long, trouble-free

Cash in on Solotone. Phone or wire for the complete Solotone story today.

SOLOTONE CORPORATION

2311 W. Pico Blvd., Los Angeles, Calif.

OLD FAVORITE BELL APPEAL PLUS NEW HOLD AND DRAW FEATUR

DRAW BELL NICKEL OR QUARTER PLAY

All the flashy come-hither of the old familiar golden bells and bright red cherries! All the excitement and suspense of three spinning reels! *Plus* the new second-spin feature . . . designed to insure extra thrills to the player and extra profits to you! That's Bally's new post-war console . . . DRAW BELL!

Plenty of winners pop up on the first spin . . . insuring steady repeat play. And every miss comes so close to a winner that players can't resist a second spin . . . which results in an extra coin in the cash-box. For example, bars on the outside reels and a cherry in the middle . . . who wouldn't play a second coin to hold the bars and spin the center reel again? Practically every non-winner line-up has the "makings" of a winner, and players invariably try the second-coin-second-spin.

QUICKLY CONVERTIBLE . . . PAYOUT OR REPLAY

One unit serves all types of location, because DRAW BELL is quickly convertible from automatic payout to replay... and a sensational money-maker either way. Like all post-war Bally products, Bally's DRAW BELL features improved, simplified mechanism... easy access for adjustment and routine service... sturdy construction to live up to the long-life play appeal.

DRAW BELL consoles on test location are out-earning all other consoles and bells... boosting profits in lively locations and bringing slow spots back to life in a hurry. Because good news travels fast, the demand for DRAW BELL already far exceeds production... so order today... now... from your local Bally distributor. Specify Nickel or Quarter play.
